Interim Public Works Director Patterson stated that a visit from the DNR stopped all burning behind the water plant and that is why the gate is locked. Public Works does not have the equipment to mow the ditches coming into town. This should be the property owners' responsibility and residents are not getting their vehicles off the streets when it snows making it very difficult to plow the streets. Mayor Filbert updated on the possibility of Lansink Construction building in or near Mitchellville. This is still in the preliminary stages.

Public Audience: None

Mayor Filbert called for adjournment, all in favor. Meeting adjourned at 7:59 p.m.

Jeremy Filbert, Mayor
